Subject: Proposed Residential Development on Portion 15 of Farm 222, Arnim's Place, Brackenfell

Good day Andrew

Hope this finds you well.

The above mentioned proposed development refers.

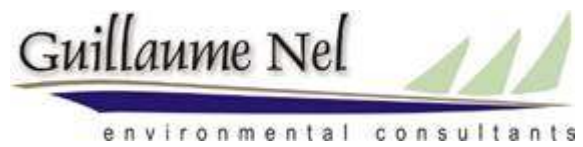

During the 1st Public Participation Period of the proposed development, the City of Cape Town municipality made the following comment:

“The Heritage Western Cape (HWC) Record of Decision (ROD) is included in the documentation, however: on page 36 of the DBAR it is stated that no building older than 60 years will be affected in any way when there are structures visible on the 1953 aerial photograph below which prove there are buildings older than 60 years on site.”

Therefore, the City of Cape Town requested that we consult with you (HWC) in order to determine whether additional measures are required. Can you please inform as to the above comment?

Kind regards
Carina Nel
