Dear Sir

### **CONFIRMATION OF GENERAL AUTHORISATION IN TERM OF SECTION 21 (C) & (I) OF THE NATIONAL WATER ACT, 1998 (ACT NO. 36 OF 1998) FOR THE PROPOSED MAINTENANCE WORK AT BOSCHENMEER GOLF AND COUNTRY VILLAGE, ERVEN 8434, 19512 AND 19513, PAARL**

The site inspection dated 21 February 2014 and correspondence dated 12 March 2014 have reference.

The Department has reviewed the information submitted and has determined that although the proposed work to be undertaken by the applicant is within the 1:100 year floodline and riparian zone, the impact of the activities will not have a detrimental impact on the water resource if all mitigation measures and rehabilitation are adhered to. The development may therefore continue as the activities fall within the ambit General Authorisation (GA) as published in the Government Notice No. 1199 of December 2009.

General Authorisations in terms of section 39 of the National Water Act, 1998 (Act No. 36 of 1998) for Water Uses 21 (c) and (i) were published on 18 December 2009 to deal with any minor impedance, diversion or alterations of a watercourse. These include the construction and maintenance activities that will temporary or permanently impede, divert or alter the bed, banks and/or characteristics of a watercourse. The General Authorisation replaces the need for a water user to apply for a Water Use License, provided that the use is within the conditions as set out in the Government Notice No. 1199.

Please ensure that you familiarises themself with the conditions of the GA which has been attached for your convenience. If you fail to comply with the conditions of this authorisation, your water use will be unlawful.

Should you have any questions please do not hesitate to contact this office.

Yours faithfully
