Dear Mr Snyman

**SUPPLY OF ELECTRICITY
PROPOSED NEW SUPPLY : HOUSING DEVELOPMENT AT FARM 845 SIR LOWRY'S
PASS**

With reference to your ENQUIRY at Eskom, I advise that Eskom is the licensed Distributor to the proposed development. The supply will be made available from Eskom's Waterkloof substation.

There is currently sufficient spare capacity to supply the 3MVA for the proposed development.

The method of supplying the electricity will be determined once details are made available. The formal quote process will confirm spare capacity available and a proposal to supply such development. Execution of making supply available will only be initiated on acceptance of a formal budget quote. The date to make a point of supply available will be confirmed during this process.

Please direct a formal application to our Group Customer Services for a quote:
