Fax		E-Mail	<input checked="" type="checkbox"/>	Post	

Comments (You are welcome to attach more sheets if necessary (Your comments will be considered in the EIA (BA) process))

I am concerned about the traffic build up and delays that are very likely to occur during this construction period. While I am not objecting to the dualling, I would request that the project plan takes into consideration the amount of traffic on this road, particularly during peak hours and that no Stop/Go waits of 10+ minutes are implemented - as has been in the past on this road.

Please provide details of any other person/company whom you would like us to add to our mailing list
