Subject: Registration as Affected Party Ref 20445

Attention Ms Groenewald

I am an owner of a residential property 34 Eastridge, Wedderwill Country Estate, Sir Lowry's Pass.

Given the proposed reasoning of agricultural land and the scale of development in this rural area it has potential implications that may have a negative affect on my lifestyle, security and value of my property. In addition I am concerned over possible social and infrastructure implications which may negatively impact the area and environment ones.

Please therefore register me as an Interested and Affected party.

You have my email address and residential address in this email with my email being my preferred method of communication. Failing that please use my phone 0764925723.

Kind regards
Rex
