Email: hdp@gnec.co.za

Dear Ms Groenewald

EIA PROCESS: PROPOSED MIXED-USE DEVELOPMENT ON THE REMAINDER OF FARM No.845, SIR LOWLY'S PASS, WESTERN CAPE (GNEC Ref.No. 20445)

Kindly register Overstrand Conservation Foundation t/a Whale Coast Conservation, represented by Robert Fryer (rob fryer.wcc@gmail.com), and Schapenberg Sir Lowry's Conservancy, represented by Heather Epstein (heather.epstein@uct.ac.za), as interested and affected parties (I&AP) in the above referenced EIA process. The preferred method of communication is email to the addresses given.

Both parties named have a strong interest in protecting the environment from unsustainable developments that are inconsistent with the spatial development plan and violate sense of place criteria. We give notice that we will strenuously oppose the proposed development throughout the EIA and land use planning public participation processes on those bases and on the bases that the development is not needed and that the infill, diversion or interference with water courses in a water-scarce area is unacceptable.

Please acknowledge receipt of this letter and confirm registration of the two organisations named above as I&APs.

Kind regards

Rob Fryer
General Manager
